To make operation more safe and secure, the machine will automatically will cut off the power.

Specification

Photo	
Model No.	BESS S-01
Motor	1 HP(18 rpm Geared Motor, 220V 60Hz)
Power Supply	220V, 60Hz
Power Consumption	During Crush: 1100W(max)
Destruction Time	5 sec/each
Certifications	KCC, CE, FCC
Input Port Size	10X100(mm for SSD), Ø20(mm Circle for microSD)
Destruction Result (Size of SSD)	8X8 mm
Media Types	SSD, 2.5" HDD(the thickness less than 8mm), flash drives, USB thumb drives, microSD
Temperature	-10°C ~ 40°C
Humidity	Less than 85% without condensation
Weight	160 kg
Size	633*663*920 mm

**Specifications are subject to change without notice.*
